

On the playground

I like recess and lunch. I can eat my food, and then I can play. It is fun to play with my friends.

I can ask someone if they would like to play. If they say 'no', then I can ask another friend.

I can choose the game or my friends can choose the game. We may want to play different games. That is okay. I can learn a new game.

I can share and take turns. I can let my friend have a go.

I may get sad if I lose. It is okay. I can try again next time. We can start a new game. I do not push, kick or touch my friends if I am sad. My friends and I will be happy if I keep my hands and feet to myself.

Playing at recess and lunch is fun.
