

Playing at School

I can sit and eat my recess and lunch with my friends.

When I am done eating and drinking, I can play with my friends. My friends like to play with me. I can play nice with my friends.

I can follow the playground rules. I can keep my hands, feet, and body to myself.

Many children like to use the playground. I can wait for my turn. I can share the playground.

Children have fun on the playground. I can have fun!
